

Epic Series Television

60PW9383

60" Digital Widescreen HDTV Monitor

- Philips HD Optics™
- Active Control™
- APAC™ – Automatic Phosphor Aging Compensation
- Eye Fidelity™
- Auto IntelliSense™ Focus
- Double Window, Two-Tuner PIP
- HD DVI and Component inputs
- Dolby® Virtual Surround – 30 Watt RMS

PHILIPS

60" Digital Widescreen HDTV Monitor

60PW9383

Picture Quality

Philips HD Optics™

The Philips HD Optics gives extreme resolution HD with cutting edge processing and display technology. Includes Philips Wideband video amplifier, micro phosphor CRTs, hybrid projection lenses, first surface mirror, and fine-pitched lenticular screen.

Active Control Plus™

By continually adjusting picture settings over 60 times per second, Active Control Plus ensures that the viewing experience is always optimal.

APAC™ – Automatic Phosphor Aging Compensation

Stationary images, particularly black bars that outline 4:3 programming on a Widescreen TV, could eventually leave an after-image on the screen. APAC automatically shifts the image, just enough to blur after-image retention, which reduces the effect of stationary images.

Eye Fidelity™ – Selectable Progressive or Interlaced scan

Offers a choice between two different scanning techniques – Progressive and double lines Interlaced. Progressive de-interlaces the lines of both fields of a video frame and displays them all at once. This minimizes line flicker and the visibility of the scan lines. The Interlaced mode provides a doubled line Interlaced display of Progressive. This helps smooth out jagged lines seen on curved and angled edges.

- Adjustments for Brightness, Color, Picture, Sharpness, Color Temperature, and Dynamic Contrast
- Digital Color Transient Improvement (CTI)
- Digital Histogram
- Three Color Temperature positions – Warm, Normal, Cool
- 1080i HD and 480p display capability
- 3D Y/C comb filter
- 60" visible screen size
- 550 ft. lamberts peak brightness
- 7" liquid cooled tubes (red, green, blue)

Ease of Use

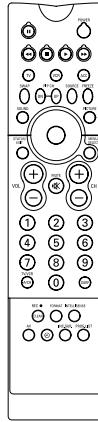

Auto IntelliSense™ Focus

Automatically adjust picture convergence at the push of a button. Auto IntelliSense™ Focus responds to the natural and man-made magnetic field conditions where the projection TV is located, so you can easily enjoy a well-converged picture.

Double Window, Two-Tuner PIP

You can tune to a program in one half of the screen, while scanning or watching another channel on the other half. From a single antenna or cable input, signals are separated into two signal within the television, so no external splitter is required. AV1, 2, and 3 inputs are also available as PIP sources.

- Alternate Channel
- "Auto" convenience features: Auto Aspect Ratio Adaptation, Auto Chron (automatic clock), Auto Lock™ to protect viewers from selected objectionable programming, Auto Picture™ (5 modes), Auto Program, Auto Sound™ (4 modes), Auto Surf™
- Closed Captioning
- Favorite channel list
- Multi-Point digital convergence
- Picture Freeze
- Protective screen
- On timer
- Sleep timer
- Three menu languages: English, French, and Spanish
- Universal remote control - RC2061/01

Sound Quality

Dolby® Virtual Surround – 30 Watt RMS

Dolby® processing circuitry for enhanced surround sound effect creates the sensation of Dolby® Pro Logic without the hassle of additional rear speakers.

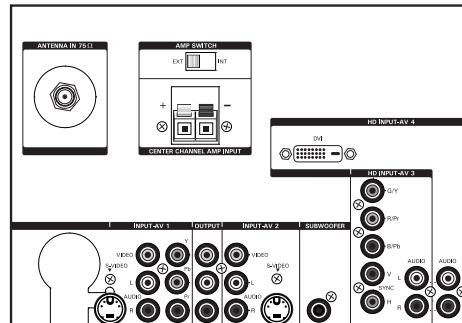

- Adjustments for Volume, Bass, Treble, Balance, AVL, Headphone, and Bass Boost
- Automatic Volume Leveler (AVL)
- Center channel input
- Incredible Surround™
- Stereo output
- Two sets of 2" and 5" speakers
- 2x10w RMS (50Hz-10kHz at 5% THD, 8ohm load)

Connectivity

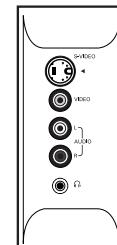

HD DVI and Component inputs

DVI supports High Definition Copy Protected digital video input for connection to compliant set-top boxes. HD Component connection (Y Pb Pr or RGB +HV) offers color purity, crisp color detail, and reduced color noise.

- S-Video (2 rear, 1 side)
- AV connections (2 rear, 1 side)
- Standard Component Video (1 rear)
- AV output (1 rear)
- Headphone (side)
- Subwoofer output (1 rear)
- Center channel input (1 rear)

Rear AV Inputs/Outputs

Side AV + Headphone

- UPC: 0 37849 93298 8
- Product dimensions: 56.7" W x 59.4" H x 27" D
- Product weight: 210lbs
- Carton dimensions: 61" W x 61.8" H x 32.3" D
- Shipping weight: 242lbs
- Ambient operating temperature: +41 to 113°F (+5 to +45°C)
- Mains voltage: AC 110V ±10%
- Power consumptions: 180W average
- Stand-by power: <1W
